### **DETAILED ACTION**

This Office Action is in response to an amendment filed on 1/24/2005.

Currently, claims 15-21 are pending. Claims 1-14 have been canceled.

#### ***Specification***

The objections raised toward the Specification have been withdrawn.

#### ***Claim Rejections - 35 USC § 112***

The 35 USC 112 rejections have been overcome by the cancellation of claims 10, 11 and 13.

#### ***Claim Rejections - 35 USC § 102***

The 35 USC 102 rejections have been overcome by the cancellation of claims 6-14.

#### ***Allowable Subject Matter***

1. Claims 15-21 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art, either singly or in combination fails to anticipate or render obvious, the limitations of:  
...providing an electrically insulating spacer lining at least a portion of the second contact hole and extending to the second conductive material, wherein the insulating spacer has a dimension sufficient so that first conductive material is unexposed, and wherein the second conductive material is recessed below the horizontal surface, as required by claim 15.

The addition of the electrically insulating spacer lining at least a portion of the second contact hole reads over the prior art made of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Conclusion***
